Corporate Profile 2026

GROUP PROFILE

A connected Tanzania platform bringing specialist safari, adventure, culture, mountain and coastal expertise together under one group.

Who we are

AMT Travel Group is a Tanzania-focused destination and travel group built around three specialist brands: Ambiere Safaris, Mkomazi Adventure and Tanzania Globe Tours.

The group keeps specialist knowledge visible while making planning easier when a journey needs more than one style of travel. Wildlife, mountain, cultural and Indian Ocean experiences can be connected through one local planning relationship.

Our three specialist brands

Ambiere Safaris focuses on bespoke luxury travel and private safari design, with a wider international luxury-travel portfolio spanning Africa, Arabia, Asia and the Nordics.

Mkomazi Adventure focuses on active travel, mountains, Kilimanjaro, wilderness and less-travelled northern landscapes.

Tanzania Globe Tours connects wildlife, culture, communities, Zanzibar, the Indian Ocean and multi-region Tanzania journeys.

Destination management

Our operating perspective is local: route knowledge, timing, logistics, supplier relationships and practical planning are central to the service. The group can support private travellers as well as travel-trade partners looking for a dependable Tanzania ground partner.

Every itinerary remains adjustable. Pricing is handled as Price on request until an approved live tariff is supplied.

Responsible travel

AMT Travel Group aims to keep wildlife viewing respectful, work with local communities, and build realistic routes that consider the character and carrying capacity of the places visited.
